Projects

Online e-commerce website   https://github.com/Lemuella01/vasiti

Technologies: HTML, CSS, React, JavaScript, Axios

- My first react app. Built an ecommerce website using react framework app its fully responsive
- Random users API was integrated in the making of the app connected to the endpoints using Axios.

Todo App

Technologies: HTML, CSS,

- codding challenge project. A simple but creative todo app made with just Html, Css. Inspired by frontend mentor challenge.
- https://www.github.com/Lemuella   has more of the project I've had the honor of working on.
